Hi, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:

I first started modelling just over a year ago when me and my partner at the time (a professional photographer) decided to try out some test shots. Modelling was always something I'd dreamt of doing but never had the confidence to try, so doing it for the first time with someone I was comfortable around was great. We found a nice location, I put on a pretty dress, and I got hooked! From there I started contacting local photographers, began to build a decent portfolio, got myself a fan page and it took off.

How would you describe your style?

A little of everything! Except glamour. I enjoy and will do anything from high-fashion to latex lingerie. It's refreshing when a model is into all kinds of different genres of modelling because it keeps it original and exciting.

What was it like to work with the photographer on this shoot?

Awesome. Andy is an absolutely great guy and a top photographer to match. It was the first time I've worked with him but I know it won't be the last!

What was your favourite part of the shoot?

Well it was all fun, but possibly attempting to change my outfit/ lingerie whilst still wearing my heels. That was interesting. I know Andy enjoyed laughing at me teetering in 6" wedges (..not even that high!) whilst I'm trying desperately keep a straight face and not fall over.

Photographer: Andy Watson / www.drw-images.com

Outside of modelling, do you have any other passions?

I run a small online company making jewellery/accessories so I think that'd have to be my other passion right now. I love getting feedback from customers and seeing people enjoy what I've made for them. It's a small, satisfying buzz!

So how can a guy impress you?

Be charming, but not a creep. Also, party tricks. I love a good party trick.

If you could have one superpower, what would it be?

Invisibility, hands down. Imagine how much fun you could have.

If you could pick one celebrity to put on a stranded island to never be seen again, who would it be?

Pitbull. Ain't nobody got time for that.

What's your favourite rude word?

Fuck. Just, fuck.

What's the worst idea you have ever had?

Probably to try and stretch my ear from 0 to 4mm in the toilets at school in Year 10. Just, why.

Tell us something about you that people won't know:

I was born in France whilst my parents lived over there for a year and I can speak pretty good French!

What would be your ideal night out?

Champagne, bunch of my best friends, a hot man, dancing, good music, and not going home until it's daylight.

Photographer: Andy Watson / www.drw-images.com

What's a guaranteed turn on for you?

Guys in suits. Wow.

What's your favourite chat up line of all time?

Do you have a map? Because I keep getting lost in your eyes.

Finally, is there anything you would like to say to the Elite readers?

Love you!

Plastic Grannies

WHILST THE MINIBIKE HAD STARTED OUT AS A GOOD IDEA, IT HAD NOW BECOME A MATTER OF SURGICAL REMOVAL.

Plastic Grannies is the creation of artist/writer, Mychailo 'Mike' Kazybrid, who has worked professionally in the comic book industry for over 36 years, this mainly on licensed characters and titles such as Wallace & Gromit, Shaun the Sheep, Duckula, Dangermouse, The Tick, Matt and the Cat (Transformers UK), to mention but a small few. His work equally includes six years producing daily cartoon strips for provincial newspapers such as the Bradford Telegraph & Argus, and later the Manchester Evening News, and more recently drawing the Wallace & Gromit daily cartoon strip in The Sun. His work has ranged from children's books, international comic strips for mobile phones, to four years in broadcast television. Much of his artwork is showcased on **http://kazybridscharactercreation.blogspot.com**, this includes showing original pencils and inks of the Wallace & Gromit strips. His cartoons can also be seen in the Two Men and a Ghost feature in Haunted Magazine.

Hi, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:

Hi, thanks for having me! I'm 18 and living in Leeds. I'm a bubbly girl that enjoys going out with my girls and partying, I also love sitting in with a take-away and watching a good movie with my boyfriend. I've always wanted to be a glamour model from a very young age, I always looked up to women like Pamela Anderson and thought I would love to be like that. As soon as I turned 18 I applied with my agency and it's all started from there!

How would you describe your style?

I have quite a weird style sometimes I will wear a nice, classy dress, sometimes I will wear the tartiest outfit I can find and sometimes I'll wear the chaviest tracksuit ever - depends what mood I'm in I suppose.

What was it like to work with the photographer on this shoot?

It was so much fun we had a fantastic location, Graeme the photographer was lovely, very easy to work with and great at his job!

What was your favourite part of the shoot?

Being naked of course! And the fish and chips when we finished the shoot kindly bought by yourselves - Thanks!

Outside of modelling, do you have any other passions?

Hmm to be honest modelling is the only thing I've ever really wanted to do, I would love to learn how to cook though and I would love to give photography ago in a few years. One day I really want to open a home for stray cats or ones that have been mistreated.

LEONORA LOVE

Hi, welcome to Elite! Tell us a bit about yourself, how would you describe your style?

During the day I'm a shorts and vest top kind of girl, I don't really wear jewellery, haven't got time for that. It's more important to me where I'm going, rather than what I'm wearing, sometimes I won't even take a bag, just dump my keys and phone in my pocket and off I go. Although for a night out or special event, I love to glam it up and look my best!

What was it like to work with the photographer on this shoot?

Ahh so calm and relaxed, I immediately felt at home. Glenn was lovely, he is very passionate about his photography and works very fast!

What was it like to work with Sky?

Sky is so beautiful, love her! Very chilled, friendly and up for a laugh.

What's Sky's best feature?

I love Skys quirky look, with her red hair, porcelain skin and thigh tattoo! But I'm going to have to be boring and say her face, great features and amazing cheekbones that I envy.

Photographer: Glenn Richardson / www.g-r.biz

Outside of modelling, do you have any other passions?

I love dancing and I am also with promotional agencies, so get to do a lot of fun work with them too. I have also recently started working out with a personal trainer, which is a new love for me, I'm going to make my body tighter than ever before!

So how can a guy impress you?

A guy who respects women and is a gentleman. Can't beat the good ol' classics but don't rule out cheekiness. I love spontaneity and adventure, you need to be a lil' crazy to run with me but if a guy can make me laugh your heading in the right direction.

Photographer: Glenn Richardson / www.g-r.biz

What's your best feature?

Hmm....tricky...everyone seems to say I have big piercing eyes but I love how tiny my waist naturally is and I have super long legs, being tall rocks, just add some 5 inch killer heels and wolla!

What was the funnies thing to happen at the shoot?

Hard to say, we were pretty much giggling throughout! But the best thing has got to be when I had the idea of getting the ice cream in! As soon as mine and Sky's eyes hit that *Ben & Jerrys*, we couldn't get the lids of fast enough and get our munch on haha. We became completely oblivious that Glenn was standing their with his camera until he piped up and said, 'Errrr...are we shooting today?'....hehe, we were like, 'Oh yeah... shit....sorry!?' haha.

What was it like to work with Leonora?

Beaut! Leonora is a great gal and very fun to be around.

What's Leonora's best feature?

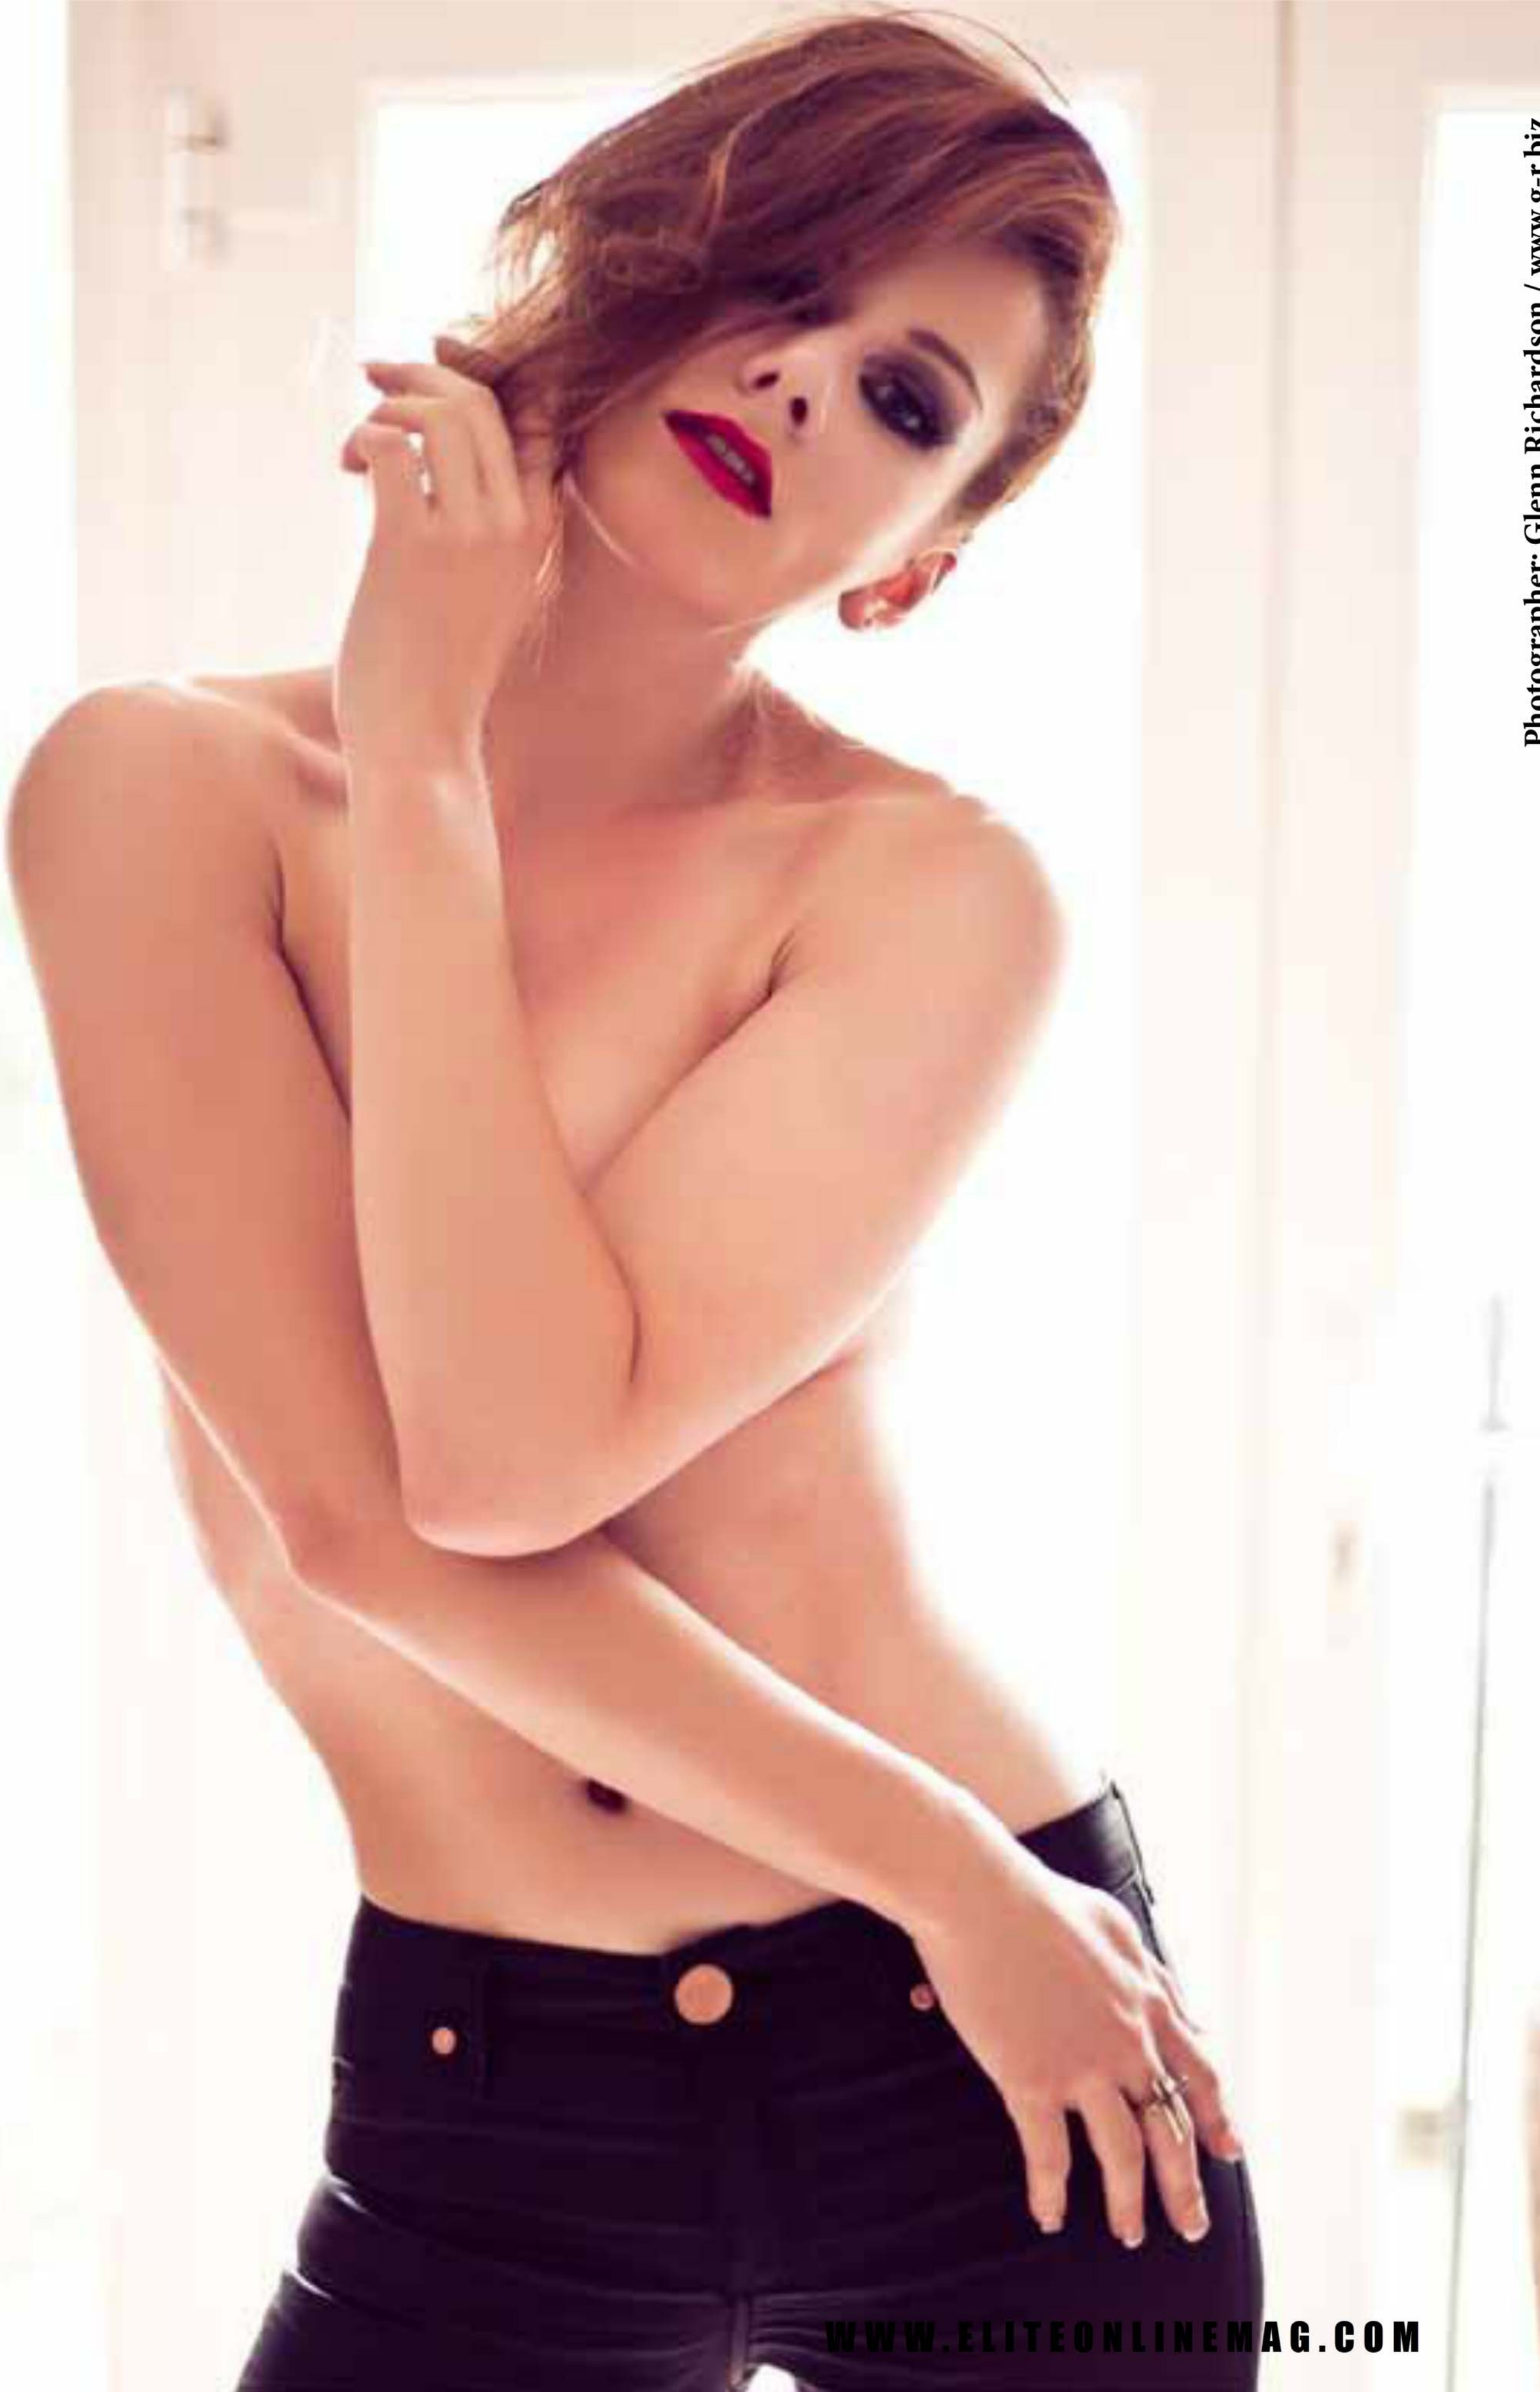

General figure, she's damn fine and she fed me ice cream so she's in my good books haha.

What's your best feature?

Mmm, Check bones...

What was the funniest thing to happen at the shoot?

There was a few moments with the ice cream and bedroom scene, you had to be there though :P

Photographer: Glenn Richardson / www.g-r.biz

WWW.ELITEONLINEMAG.COM

Outside of modelling, do you have any other passions?

Yes, but that's between me and my man ;) On a serious note haha... music, tattoos, pole dancing, fitness, motorbikes... The list goes on!

What is the naughtiest thing you've done?

Now that would be telling...

What's a guaranteed turn on for you?

Mr. Grey style!!!

Do you have any tattoos or piercings?

Piercing's! What haven't I had done, as for tattoos I have just one and she's huge, when it comes to tattoos I always think the bigger the better.

Are you a high heels or trainers girl?

Mmm toughy. How about high heeled trainers ;)

Who would be your ideal housemate?

We talking celebrity or people I know personally...? As I have the perfect housemate already Mr G-Love Richardson haha. Although I wouldn't mind living with Vikki Blows ;)

Yes, got to love a bit of man hair!

What's the worst idea you have ever had?

Trying to drink people under the table... Always seems like a good idea at the time! Yes I'm a lightweight but means a cheap night for me!

Finally, is there anything you would like to say to the Elite readers?

Live for today, dream of tomorrow, learn from yesterday... Peace & Love

Hi Kaylee, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:

Hi there! I'm new to the modelling industry, I've only been doing it for 2 months now but so far I love it, how can you not! It gives you confidence in yourself and it's great to see your photos at the end :) My main loves are fashion, beauty and just having a good time with my friends, whether it be having a cosy night in watching films or a crazy night out getting dressed up and drinking lots of alcohol!

How would you describe your style?

I'm really into standing out from the crowd, I like little boutiques where I can get something different from everyone else. It would be a boring world if we all looked the same wouldn't it?

Outside of modelling, do you have any other passions?

My passion is to make the most of every day, trying something new and being spontaneous, you never know what could happen tommorrow.

If you could be one person for the day, who would you be and why?

Cheryl Cole, she's amazing, she looks effortlessly beautiful and is a strong woman with all that she has been through. I think the way she presents herself really works, I would definitely like to live her life for a day!

If you could be in charge of Elite for one week, what would you do?

Use all of Kellys Glamour Models girls in the next issue, with me on the cover of course! :)

What's your dream job?

To be a full time model and travel the world and then settle down with my own little cupcake shop when I'm older that would be perfect.

What's a big turn on for you?

Ahh thats a hard one, I'd have to say a man in uniform, especially a fireman, I'm sure any girl would agree.

What's your favourite booze?

It would have to be a nice glass of rose... or two!

Who do you have a crush on at the moment?

Robert Pattinson all the way! Especially when he's a vampire, he's amazing!

Photographer: Fejes Imre / Fejesphoto-com - Kelly's Glamour Models Agency

Who's your favourite artist in music right now?

I love a bit of everything, depends where I am as to what I listen to, I love Ed Sheeran when I'm in my car but I also went to a Swedish House Mafia concert not long ago and that was brilliant.

What would be your ideal night in?

Movie, Chocolate, pizza, can't go wrong :)

So how can a guy impress you?

Maybe a good dress sense but especially making me laugh, I honestly don't go for looks, if they have no personality whats the point?

What is the naughtiest thing you do?

Well to be quite honest I'm a bit of a good girl, whatever naughty stuff I get up to is my secret.

WWW.ELITEONLINEMAG.COM

Hi, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:

I'm a qualified beauty therapist and hairdresser, I specialise in hair extensions. I started modelling when I was around 18 and then moved to London where I decided I wanted to present. I started presenting for an interactive gameshow channel called *Friendly TV*, I also hosted a number of gameshows, a morning chat show, a girl talk show and a night time show called Steamy Chat haha all fully clothed. I then started working on the babeshows ie. *bangbabes* only doing days as I never wanted to go topless or talk dirty... haha how things change. I was swiftly converted and convinced to do night time shows on *Babestation*, and *Television X* from which I have never looked back. I've took some time off the channels to persue other things and I love to travel. I moved to Spain for a year last year, but I am currently back on the babeshows doing what I do best working for *XXXpanded* TV sky 931 and absolutely loving it. My favourite word is CUNT haha.

Photographer: PICFX / www.picfx.co.uk

How would you describe your style?

I love my fashion and everything glam, my trademark big hair is always what you will see first. Haha I am obsessed with back combing, I love to be different with my style and I will do anything I think looks unique and hopefully rock it. I love pretty dresses and heels but love nothing more than wearing a pair of high waisted denim shorts a backless body with a bit of side boob, one of my many pairs of converse and a pair of *Ray Bans* where you will find me out in East London on a Sunday letting my hair down and getting my trainers dirty cutting some shapes on brick lane. I make or customize a lot of my clothes I love it.

What was your favourite part of the shoot?

Ooh I love shooting, the best bit was finding my nice innocent side come out in the pictures that poor me has been supressed for years with only my naughtiest side being portrayed.

Outside of modelling, do you have any other passions?

I absolutely love to travel, I love to read and I'm obsessed with watching movies and dramas on TV. I love to just chill, like to keep fit, shop and party my ass off... and best of all have quality family and friends time in Manchester.

If you could be one person for the day, who would you be and why?

Ooh thats a tough one. I'm pretty happy as I am although I wouldn't mind being a little thinner, a little richer and a little taller... and so on but we can't have everything can we.

Photographer: PICFX / www.picfx.co.uk

if you could be in charge of Elite for one week, what would you do?

Perve on all the sexy girls you shoot, especially gorgeous Jaydee Lou. I have a slight girl crush on her ;)

What's your dream job?

Testing out beds to see which one I'd have the best sleep in, all day everyday.

What's a big turn on for you?

A man with serious banter, a sexy smile and green eyes couldn't hurt either.

Photographer: PICFX / www.picfx.co.uk

What's your favourite booze?

I love a drink I'm terrible. I love JD n' coke, champagne,wine... anything except lager, yuck.

Who do you have a crush on at the moment?

Now that would be telling, I change my mind like I change my knickers.

Who's your favourite artist in music right now?

Ooh I don't know I'm loving the house scene at the moment, RnB clubs bore my life right now.

What would be your ideal night in?

A great movie, a sexy boy, my 2 favourite girls Flo and Sophie, a couple more boys so I don't have to share, loads of food and drink and a foot slave to massage my feet, actual bliss!

So how can a guy impress you?

Just be himself, laugh at my jokes and of course massage my feet or massage me anywhere... I'm obsessed with being touched, tickled and stroked. I should of definitely been born a kitten haha.

What is the naughtiest thing you have done?

Definitely too naughty for your magazine, you wouldn't believe me if I told you... you'll have to ring me up or come on my webcam for that sort of sordid information... my rents are on *Twitter* and I've brought enough shame onto their lives already haha.

What is the naughtiest thing you want to do?

Theres' nothing much left I don't think, I'd like to get all fetished up with my sexy girls and boys and go to a torture garden and participate in a lil' bit of swingin maybe?

Finally, is there anything you would like to say to the Elite readers?

Thanks for having a look at my spread and feel free to get these pages sticky. I will be highly flattered, huge kisses your livingdoll Leigh x

AEMELIA FOX

Hi Aemelia , welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry?

Well, it all started when I auditioned for Hagrid in Harry Potter…

What is your favourite item of clothing?

My PJ's, as I always seem to be in them.

What was it like to work with the photographer on this shoot?

Working with Graeme on the photoshoot was great, he made me totally at ease. I loved his hilarious Big Brother styled commentating throughout the shoot, Geordie accents are the one. Also he introduced us to Toby Carvery for the first time and gave us the best tour of Newcastle!

What was it like to work with Cat?

It was amazing, didn't even feel as though we were on a shoot, it was hard to get much work done as I was constantly in stitches laughing at her. She hasn't stopped pestering me since we've come back though, I don't know what to do with her, help?! No, I joke, she's a proper babe, however she does need to re-take Geography lessons! She's also a good spooner.

What's Cat's best feature?

DAMN that girl has the arse and dance moves of Beyonce, her back off is insane. But to sound totally cheesy, her personality is so charming and you can't help but love her.

What was the funniest thing to happen at the shoot?

When I think of the road trip to Newcastle for Elite it makes me laugh, I didn't think it was possible to laugh so much in the space of two days. Trying to get into the latex was very amusing, I literally felt like a I was trying to get into a giant condom that was a few sizes too small!

CAT B

Hi Cat, welcome to Elite! Tell us a bit about yourself how did you got started in the industry:

It all started when I was Ronald McDonald's hair double! Just got a taste for the limelight really but don't worry guys I have sorted out the dodgy red hair dye yet I kinda miss the yellow outfit not gonna lie.

What is your favourite item of clothing?

My brand spanking new Batman leggings! I literally love them haven't taken them off since I bought them! I am now officially Catman!

What was it like to work with the photographer on this shoot?

Had such an awesome time on shoot, Graeme is a northern sweetheart and has a singing voice like Bon Jovi! After our first day of shooting he took us all on a tour of Newcastle! It was literally the best tour in the world!

What was it like to work with Aemelia?

Mills is actually awesome! She's sooo hot and has an amazing body! And it literally the funniest and nicest person ever! She's just amazing! I think I've found my soul sister and when I'm not with her I feel like I've lost a limb!

What's Aemelia's best feature?

Definitely her boobs! Oh my they are beauts believe me! ;)

What was the funniest thing to happen at the shoot?

Literally everything! But one of the funniest things is when me, Millie and Leanne (our awesome make up artist) were on our tour of newcastle, we got to the Angel of the North and was so excited we ran up the hill as fast as we could almost knocked ourselves out with our boobs jiggling about and probably taking out a few tourists on way and nearly giving some old men a heart attack!

Name: Poppy Thorn
Age: 24
Location: Worthing

Hi, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry:

I'm Poppy , I live in a little seaside town called Worthing. I enjoy playing video games, drawing and urban exploring. I have been modelling for just over 3 1/2 years. My first shoot was with my model friend Lauren PJ, I tagged along with her for a shoot and she let me jump in for a couple of shots, I owe her a lot as it opened up a lot of opportunities for me. I also did a few photoshoots in college for photography students.

How would you describe your style?

I work with a variety of styles but I feel the core of my look is modern pin up. I love working with fetish, casual, and vintage themes.

What was it like to work with the photographer on this shoot?

Ruby True is incredible, working with someone who has been in the industry for so long was like a dream come true for me. She knew exactly how to put me at ease and is a complete natural behind the camera. I had the best time ever!

What was your favourite part of the shoot?

I had the most fun when posing on the make up artists, Tabitha Adams, spikey rubber sofa, it was surprisingly comfortable despite the spikes and was quite a challenge not sliding off when wearing the *Cherry Pop Latex* bikini.

Outside of modelling, do you have any other passions?

Yes I would love to be a veterinary nurse and look after poorly animals, I would also like to learn how to tattoo as I love art, and I would also like to act in a *Rob Zombie* movie, so quite a variation.

So how can a guy impress you?

Mystery in a guy is a really attractive trait and I find it a lot more appealing than guys who act like they are the shit. I think it is impressive when a guy is really passionate about something and excels in it.

What is the naughtiest thing you do?

I drink milk from the bottle, eat peanut butter out of jars, and put my elbows on the table, now that is pretty damn naughty.

What's a guaranteed turn on for you?

Nice eyes, hair, and someone who smells good.

Do you have any tattoos or piercings?

I have 13 piercings and 5 tattoos, my septum piercing and anchor tattoo are my favourites.

Are you a high heels or trainers girl?

Really does depend on the occasion but I live in my purple vans and leopard print converse most of the time.

Who would be your ideal housemate?

Nigella Lawson because she could cook me nice dinners and look hot at the same time.

Beards - Yes or No?

No.

What's the worst idea you have ever had?

Thinking it was a cool idea to shoot in the sea when it was snowing , I was blue for the rest of the day... It was horrible.
